

DEVELOPMENT AND CHALLENGING OF FUTURE SHIPPING INDUSTRY

Mr. Chung-Jinn Wang

Executive Vice President,
Corporate Operation Division,
Evergreen Marine Corp. LTD.

1. Alliance is the future of the shipping industry.
2. The medium/small size carrier have to build up solid connection with those giant carriers for survival.
3. Terminal operator will be forced to lower the profit margin.

4. Terminal operator can no longer to treat Shipping Line as a sole customer, shall extend service to those firm who possess the cargo.
5. The way of living in **EUR** and **USA** might reflect the whole supply chain of **SEA** transportation.

6. The long-haul transportation might be affected by the current upward of “**PROTECTIONISM**”.
